

Be alert...after almost a century of UFO Sightings and famous cover ups like the Rosewell and area 51, the government can no longer hide the fact that we are not alone. Aliens have landed. I REPEAT, Aliens have landed...BUT it appears that they are here for a good time!

The aliens race is the Oraliens.

As our good will Ambassadors you can help the Oraliens get home.

Go out there across the world and play minigolf with are new alien friends and show them we are a fun and peaceful planet. Through your journey you will start in Hinckley, Ohio where a spaceship has crashed into a farm house. Visit a cosmic carnival. Then, onto South America and the Mayan temples; the lost city of Atlantis; see a T-rex; the Oraliens spaceship and planet! And watch as your ball goes into space.

Well go then and have fun. But, don't win if you happen to be playing an Oralien. They really hate to lose!
